

SBT for SMEs Certified

In November 2025, Ishizaki Press Industrial Co., Ltd. obtained the SME Science Based Targets (SBT) certification, recognizing that our greenhouse gas (GHG) emission reduction targets are aligned with the goals set forth in the Paris Agreement, an international framework for combating global warming, as validated by the Science Based Targets initiative (SBTi).

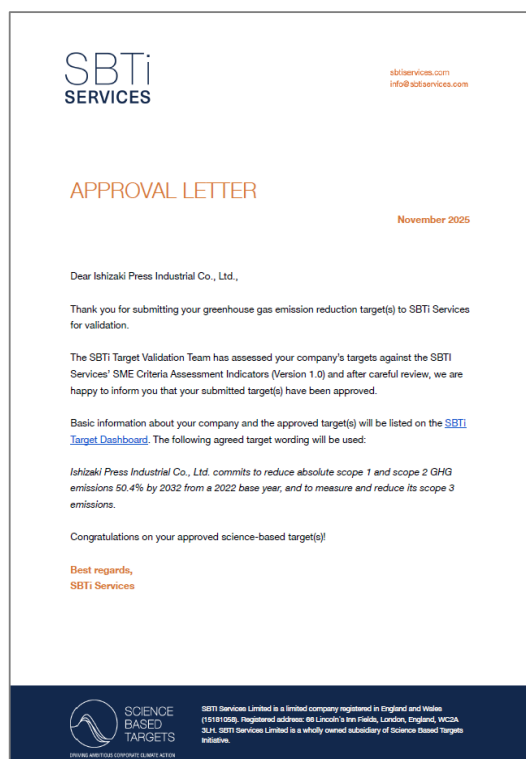

This certification is granted to companies that set science-based targets for reducing greenhouse gas emissions and actively implement measures to achieve them. At our company, we have set a target to reduce our Scope 1 and Scope 2 GHG emissions by 50.4% by 2032 compared to FY2022 levels. Furthermore, we calculate Scope 3 emissions (Categories 1-8) on a monthly basis and are committed to reducing emissions throughout our supply chain.

SBTi Website : <https://sciencebasedtargets.org/>

Scopes	Definition	Our Targets
Scope1	Direct greenhouse gas emissions from fuel use and business activities.	50.4% reduction by 2032 compared to 2022
Scope2	Indirect greenhouse gas emissions from the use (purchase) of electricity, heat, and steam supplied by other companies.	
Scope3 category1-8	Indirect emissions from upstream supply chain activities.	Track emissions and work toward reduction
